

Swimming Pool Volume in Gallons (Round Pool)

Cutaway Side View

Top View

$$Volume = dpt \times d^2 \times 5.9$$

dpt = depth of the pool

d = diameter of the pool

Example:

$$V = dpt \times d^2 \times 5.9$$

$$= 4 \times 9^2 \times 5.9$$

$$= 4 \times 81 \times 5.9$$

$$= 324 \times 5.9$$

$$= 1,912 \text{ gallons}$$
